

INJURY ACTION PLAN – Railroad Worker

If something happens to me while I am working on the railroad and I am unable to communicate, please contact the following people and do the following things:

1. Call my local chairperson and let them know what has happened. Also, let them know if any railroad officials or claim agents have contacted you.

my local chairperson is: _____

mobile phone: _____

home phone: _____

If you cannot get in touch with my local chairperson, call the president of my local or my vice-local chairperson.

my president is: _____

mobile phone: _____

home phone: _____

my vice-local chairperson is: _____

mobile phone: _____

home phone: _____

2. Call my union insurance representative and let them know what happened. My representative is: _____

mobile phone: _____

home phone: _____

3. Call an attorney experienced in the FELA. One attorney is: Robert Underwood of the Underwood Law Group. His phone number is (904) 493-6088 or (904) 891-5877.

4. Get someone to take photos of where I was hurt and what I was hurt on.

5. Make sure my doctors understand that I am not covered by Worker's Compensation. The railroad is not responsible for my medical bills and cannot say what treatment I should or should not get. All of my medical expenses should be billed through my insurance. A copy of my insurance card is inside this envelope.
6. Do not let the railroad officials talk to my doctors about my medical care.
7. Get a copy of my Living Will or Advance Directives. This will tell my doctors how to handle certain life or death medical procedures.
8. In the event I am deceased or die before I am able to communicate, please get my Will and contact an attorney who handles estates and/or probate matters.
